

LEHIGH

HEIDELBERGCEMENT Group

ENTERING A NEW PHASE

Without a continuing demand for our "Type N Masonry Cement", we have decided to phase this product out. We continue to offer "Lehigh Specialty Cement" for all of your masonry projects.

Lehigh Specialty Cement meets all of the requirements of CAN/CSA A3002-03 for Type S masonry cement. Lehigh Specialty Cement exceeds the maximum strength requirement for a Type N masonry cement.

When a Type N masonry mortar is required, refer to Lehigh's technical bulletin on Masonry Cement or the back of the bag for mixing instructions.
